Piyush Jain

Senior Marketing Automation, MarTech and AI Growth
Karlsruhe, Baden-Württemberg, Germany

Summary

Senior Marketing Automation and AI-driven Growth Marketer with over 10 years of experience helping global companies build scalable CRM and marketing automation systems that support predictable growth. Led marketing programs across 43 countries, contributing to 300k+ customers and USD \$23M+ in revenue while achieving up to 47x ROAS. Leadership & Impact Led enterprise marketing automation infrastructure across eight international brands, establishing scalable lifecycle marketing frameworks and CRM governance standards. Defined and executed marketing automation strategy by aligning marketing, product, engineering, and analytics teams around shared growth and customer lifecycle objectives. Designed scalable MarTech architecture connecting CRM platforms, automation systems, and analytics tools to support acquisition and lifecycle marketing across 43 markets. Key Achievements Built marketing automation infrastructure enabling global campaigns across 43 markets and millions of customer interactions. Generated 3.2M+ leads globally through scalable marketing automation and performance marketing strategies. Achieved up to 47x ROAS through lifecycle marketing and performance optimization.

Experience

IONOS

Senior Marketing Automation Manager
June 2022 - Present (4 years 4 months)
Karlsruhe

- Architect and lead enterprise marketing automation and CRM infrastructure across eight international brands, including IONOS, United Domains, Fasthosts, Home.pl, World4You, STRATO, InterNetX, and Arsys.

- Built an internal AI-powered marketing automation application and developed specialised AI agents to automate campaign operations, workflow execution,

data processing, audience segmentation, optimisation, and repetitive marketing tasks.

- Designed and implemented enterprise marketing automation architecture in HubSpot across all brands, enabling scalable lifecycle marketing, centralised lead management, and global campaign orchestration.

- Introduced AI-assisted marketing workflows and automation pipelines to improve campaign optimisation, audience segmentation, and marketing operations efficiency.

- Led the technical integration of HubSpot, Salesforce, internal CRM systems, advertising platforms, and analytics tools through APIs, webhooks, and automated data pipelines.

- Increased customer acquisition by 250% within five months through automated funnel strategies, including lifecycle campaigns, lead magnets, voucher programs, trial campaigns, and cart-abandonment automation across Germany, the United States, the United Kingdom, France, Spain, Italy, Mexico, Canada, Poland, and Austria.

- Led automation strategy for multi-channel performance marketing campaigns, optimising Google Ads, LinkedIn Ads, and Meta Ads campaigns using advanced segmentation and retargeting frameworks that reduced CPA by 40% within five weeks.

- Partnered with product, engineering, and analytics teams to define marketing automation architecture and improve cross-platform data flows.

upGrad Abroad

Marketing Automation Coach

November 2023 - February 2025 (1 year 4 months)

Karlsruhe, Baden-Württemberg, Germany

- Delivered group coaching sessions on career development in Germany for MBA/MS-CS students, with focus on marketing automation, AI, and industry trends.

- Guided participants on key sectors, in-demand roles, and essential skills for recruitment success.

- Mapped professional backgrounds to future opportunities and received strong feedback for actionable insights and interactive learning.

HackerEarth

Growth Marketing Specialist

- Generated \$8.7M revenue on a \$95K budget in 8 months via automated multi-channel campaigns.
- Acquired 500K+ leads at \$1.4 CPL through social media automation.
- Led A/B testing & landing page optimization, improving conversion rates by 190% in 10 months.
- Built scalable content automation workflows, driving 45% growth across social channels.

Marketing Associate

August 2020 - July 2021 (1 year)

Bengaluru, Karnataka, India

- Planned and executed campaigns across nine digital channels, including web, SEO/SEM, email, social media and display advertising.
- Analyzed the performance of all digital marketing campaigns and reported directly to the COO, ensuring that we were always optimizing for success.
- Developed marketing content such as blogs, articles, collateral, creatives, and videos that resonated with our target audience and helped to drive engagement and conversions.

-Led the charge on international events, developing strategies to maximize our exposure and impact.

Bosch

Associate Commercial Management

August 2019 - July 2020 (1 year)

Abstatt, Baden-Württemberg, Germany

-Conducted in-depth market analysis and visualized corporate mobility sales with top OEMs and other

global customers, tracking billion euro KPIs to inform strategic decisions and maximize sales

-Managed creative C-level presentations which promoted a superior corporate image for our product

line, helping to win new business and expand our reach in the industry.

-Developed powerful business acquisition tools, including IFRS, Salesforce, VBA Macro tools and

templates, for our 20,000+ associates across the USA, UK, China, EMEA, DACH & APAC regions,

leading to more efficient sales processes and higher success rates.

-Directed a comprehensive database of global customer teams and projects for business acquisition,

improving efficiency by up to 15%, while also supporting 17 global sales teams across various business

units and divisions for miscellaneous tasks.

-Designed marketing creatives for AI and IoT products that drove exceptional organic engagement, with

an average of 50,000 unique visitors on social media.

-Managed and analyzed all global customer teams, sales evaluations, and resourcing for global

acquisitions, ensuring that our team was always informed and making data-driven decisions.

-Automated marketing KPI reporting, and customer and projects database, saving roughly 10 hours of

manual work per week.

MASHCO LIMITED

Marketing Associate

January 2019 - June 2019 (6 months)

Watford, United Kingdom

-Conceptualized top-funnel marketing content that generated 30,000 new visitors, resulting in £50,000 incremental revenue. By leveraging my expertise in marketing and sales, I was able to drive high-quality traffic to the website and convert those visitors into paying customers.

-Boosted the company's SEO performance, resulting in a 25% increase in monthly organic traffic. By conducting thorough keyword research and implementing effective on-page and off-page SEO strategies, I was able to improve the website's search engine rankings and drive more targeted traffic to the site.

-Led the CRM through emails and phone calls for sales, operations, support, and compliance issues, with an impressive efficiency rate of 50%. By managing the CRM effectively, I was able to provide a high level of customer service and maintain strong relationships with clients.

-Developed and implemented sales and marketing content for electrical appliances and hardware products, resulting in increased sales and revenue for the company. I also managed the web platform, CRM, and other commercial tasks for the stakeholders, ensuring that all operations ran smoothly and efficiently.

-Coordinated logistics and supply chain with global delivery services, ensuring that products were delivered on time and in good condition. By maintaining effective communication with delivery partners, I was able to optimize delivery times and reduce shipping costs.

-Expanded the company's e-commerce market, bringing about higher deals and increasingly beneficial connections from 12-25%. By leveraging my digital marketing expertise, I was able to drive more traffic to the company's e-commerce platform and convert those visitors into loyal customers.

My Little Shop LTD
Marketing Specialist
October 2018 - February 2019 (5 months)
London, United Kingdom

- Led the e-commerce store across EMEA, managing everything from listing products to payment gateway, resulting in a 25% increase in sales. By leveraging my expertise in e-commerce operations and management, I was able to streamline the process and optimize the customer journey.
- Published engaging content and formed alliances, increasing Facebook and Instagram followers from 500 to 10,000+ within just four months. By implementing an effective social media marketing strategy, I was able to increase brand awareness and drive more traffic to the website, resulting in increased sales.
- Implemented an automated response for the CRM through phone calls, emails, and chats, reducing manual work by up to 20 hours. By automating the customer service process, I was able to improve efficiency and provide a better experience for customers.
- Developed international marketing content across various marketing platforms for fashion products, resulting in an average sales boost of 25%. By leveraging my marketing expertise and knowledge of the fashion industry, I was able to create effective campaigns that resonated with customers and drove sales growth.
- Managed the Shopify and web platform using HTML/CSS/JavaScript for an e-commerce store and delivery management. By utilizing my technical skills, I was able to improve the user experience and streamline the delivery process.
- Managed social media marketing, CRM, and Google Analytics and AdWords, ensuring that all campaigns were optimized for success. By analyzing data and making data-driven decisions, I was able to continuously improve results and drive growth.
- Set forth planned strategies to improve the e-commerce startup business. By leveraging my industry expertise and innovative thinking, I was able to develop effective strategies that drove growth and set the business up for long-term success.
